

**Milwaukee Association for the Education of
Young Children
Presents a Nature Play
Experience:**

Want to add more natural elements to your playground? Plant a garden? Encourage play with sand and water outdoors? Make a mud kitchen? Or a fairy garden? Create building and construction opportunities for your outdoor space? Come to the UWM Children’s Learning Center for a presentation on outdoor play in the city, along with guided discussion among participants and some outdoor exploration with loose parts, sand, water and other play yard experiences. Come dressed to hear some new ideas, spend time outside, get messy (perhaps) and come back indoors to have a rich conversation about getting children (and ourselves) outdoors and more engaged with nature.

Please join us for a fun morning of play and learning!

Date: Saturday, June 3, 2017
